THE 1981 JEFFERSONIAN

JEFFERSON HIGH SCHOOL JEFFERSON, GA. 30549

THE WHITE HOUSE

WASHINGTON

January, 1981

As a native Georgian, I appreciate the opportunity to participate in the dedication of The Jeffersonian. It is a pleasure to find young people so dedicated to their school and country.

The City of Jefferson has exemplified the American attitude throughout history and it is evident that this attitude is present in Jefferson High School.

The idea of dedicating the yearbook to America and to the ideals for which America stands is excellent. With this type of leadership growing in our public schools, America is truly blessed!

Timmy Carter

AMERICA ... The Land Where Dreams Can Come True...

Our country has faced many crises throughout its 205 year history. Americans have watched young men die to preserve the institution of freedom and justice for all. Americans have enjoyed the thrills of victories in sports, awards and even wars. We have made our country the greatest on earth through cooperation and the sincerity that comes from the desire for love, truth, and peace.

The students of Jefferson High School have exemplified those qualities of cooperation and sincerity for 35 years. Since the foundations of our school were laid, we have worked to preserve the principles and basic ideals of education; those being that all people of the world deserve the chance to grow and expand intellectually, emotionally, and spiritually.

Thus, we have spent many hours of every day striving to increase our knowledge of the past, present, and future.

AMERICA allows her citizens the right of free enterprise. As a result, JHS students are given the opportunity to raise money for club activities and expenses. But much of the money raised goes not only for recreation, but also for charity organizations and other such causes.

Even though most of our day is filled with work and study, all of us at Jefferson High School find time to have fun: Whether it be a simple trip to Mac's before or after school, or something such as an enjoyable conversation with friends between classes.

Pride exists abundantly throughout our nation, and likewise in our school and community. We are fortunate to have in our possession one of the greatest athletic facilities in the nation. Each year, thousands of competitors and sports fans travel from all over the state to participate in the Georgia olympics held in May at Memorial Stadium, the "Home of the Dragons."

AMERICA gives many opportunities to its young citizens. At Jefferson High School, students are free and able to join in with each other for the purpose of creating a better and healthier school atmosphere. Each school day brings with it the challenge of making something better of what already exists. So this is what our student body aims for. Through love for the school and determination to make it the best in everything, that challenge is met. JHS is truly a "School of Champions."

AMERICA is alive and she exists in every person's heart at Jefferson High School.

But we, as young people must persevere. In order for our nation to remain strong and vibrant, we face the task of increasing our knowledge of how to best serve America.

The country our forefathers established over 200 years ago has survived problems and tribulation because of the deep-rooted faith her people possessed. This faith is the underlying key to success in any endeavor American citizens choose to pursue. Likewise, our school must continue her drive to educate and counsel each young American that graduates from here, because it is these young adults that will someday govern the actions and creations of the American government.

Therefore, in honor and respect of the greatest nation on earth, the students of Jefferson High School wish to dedicate the 1981 JEFFERSONIAN to our blessed homeland . . .

AMERICA.

Board Of Education

The Board of Education is a group of hardworking and ambitious professionals. Constituted of businessmen, lawyers, the superintendent, and the mayor, this group makes decisions pertaining to school matters that will hopefully benefit all those concerned.

Thanks to the Board, work has recently been completed on the entire renovation of the interior of the high school. Although work has begun immediately following the end of the last school year, students had to stumble and wade through debris during the first part of school, but all agreed that the small inconveniences were well worth the sacrifice.

Jack Davidson, Byrd Bruce, Ronald Hopkins, Malcolm Morton, Chairman Morris Bryan, Leland Dishman.

Ben Benton, Principal, Leland Dishman, Superintendent, Robert Scott, Assistant Principal

Administration

The Administration supports us in all of our endeavors. They help to see that everything is organized. The Administration are also hard working people in everything they do in the school and community.

Miss "Hicky" is counselor, friend, and "Auntie" to all students at J.H.S.

The Administration at work.

Between the jokes from Dishman and the general fooling around, all of the Administrators work with students to make school life more bearable at J.H.S.

You've got to be kidding!

Mr. Dishman stated that one of human nature's greatest qualities is that the young people have the power to trust themselves and others. Students at Jefferson High are no different from other students according to Mr. Dishman. He has taught at different schools, where most students act the way you expect them to. As superintendent, Mr. Dishman has a direct influence on the educational process of all students in the system. He is a firm believer in the principle that students should be able to express their knowledge to its highest degree.

his happiness at being able to work with some of the "finest" students he has ever worked with. He is a very understanding man who is capable of devoting his time to the parents as well as the student body. As principal, he is able to handle the situation heading the total school program at Jefferson along with it's many responsibilities as they may occur.

Mr. Benton, the principal of Jefferson High School expressed

His major problem as being superintendent is that of having to deal with the students indirectly when he would rather deal with them directly - person to person. A student must set his goals and have the power to pursue them. Students graduating from Jefferson High School in the past have the power to pursue those goals and have successfully fulfilled their goals. Mr. Dishman expects no less from the present graduating classes of Jefferson High School.

Faculty

Anne Berg John Bell Diane Brook Don Brown

From eighth grade through the twelveth, the JHS faculty guides the students in our school well. Their unselfish giving of time and knowledge this year has resulted in the enrichment of the students. They have prepared us for our future by instructing us in varous areas of knowledge and by trying to instill responsibility by requiring us to meet deadlines. Although they will continue to teach and many of us will soon leave JHS, the faculty members will always

be remembered as kind and faithful instructors.

"Seniors do it more often" might have been the motto, but "Seniors do it for the last time" might have been better.

Enjoyment prevailed this year like so many years before; but this year was special; it was our last.

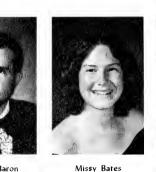

Never have so few, gotten away with so much, for so long without a dot.

If we had had more time, we might have done more, but it seems we did a lot. anyway.

Overall, the outcome was very positive. We did just what was expected and lots that was not SUSPECTED.

Remembrances such as the Junior-Senior, the Senior Trip, and Senior meetings joined with remembrances of pain and heartache over studying to enhance our high school career.

Someday, we will all look back on these days and long for them to return.

Mr. & Miss JHS

Mr. and Miss Jefferson High School are chosen each year by the high school faculty. These two students are selected on the basis of their achievements and personalities and are recognized each year as being representatives of what the Senior Class should be. Mr. and Miss JHS for 1980-81 are Bill Roberts and Jackie Cook.

Bill is president of the Student Body this year. He has been on the Varsity basketball team for three years, and was selected by his ninth grade class as their Freshman Superlative.

Jackie is the 1980-81 Senior Class President. She has been a Varsity football cheerleader for three years, and was selected as a co-captain two years in a row. She has also been a basketball cheerleader for two years and is co-captain of the 1980-81 squad. Jackie was honored as a recipient of the University of Georgia Certificate of Merit as a junior and is a member of this year's Senior Homecoming Court.

Homecoming 1980

Homecoming 1980 was a big success. The Homecoming Parade represented J.H.N. well, as our many active clubs and classes participated in making the parade beautiful and exciting. The J.H.S. marching Dragon Band was present, as well as the Cedar Shoals ROTC Drill Team.

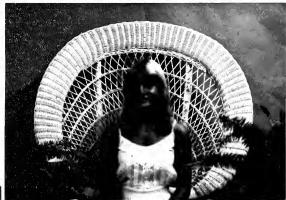

The Band played "Brian's Song" and "Summer of '42" as Bill Roberts, Student Council President, announced the 1980 Homecoming Court. The Princesses were: 8th grade. Stephanie Marlowe: 9th grade, Kaye Tolbert; foth grade. Lisa Chassevent; llth grade. Cezanne Potts.

Finally there was a drum roll and the 1980 Homecoming Queen was crowned . . .

Honors

Many awards and honors are given at J.H.S. each year. Students have to work to their fullest potential in order to receive academic recognition from their teachers as well as their peers. Each student works toward their goal, and in the end, all the hard work pays off.

Charlie Dawson won the National 4-H award for photography.

Alicia Reynolds won the Voice of Democracy Essay Contest

Jefferson High School's 1981 Star Student, Shannon Roseman, and Star Teacher, Jack Keen, show their good working relationship

Governor's Honors Nominees - Gary Arnold, Robin Barber, Tina Waddell, Linda Kay, Cynthia Blackstock, Chris Chambers

Allison Lester won the National Yearbook Cover design Award at a Convention in Detroit, Michigan

Alicia Reynolds - U.S. Youth Senate Nominee

Yvonne Merk - All-American Hall of Fame in Band

Honors at J.H.S. are not easy to come by. Many students work deligently toward the one honor that they want to attain. The honors given at J.H.S. are of the highest calibur, and are given only to the students that truly deserve them. Work, determination, and in some cases personality, are the main objectives in obtaining an honor. Working hard is not so bad - because when a person achieves the one goal or honor that they are working toward - it's really worth it.

The Jefferson Dragons started off the 1980 season by polishing off the first five opponents and receiving the ranking of number six in the state. But then the Dragons dropped three important sub-region games to North Gwinnett, Duluth and East Hall. Jefferson then showed a little pride by beating arch rival Commerce and Oconee County to save a winning record of 7 and 3. The seniors of the 1980 team showed great leadership and will be greatly missed.

OFF TO A GOOD START

The Dragons traveled to the mountains to open their 1980 season. Getting off to a sluggish start the Dragons allowed the Wildcats of Rabun County two first quarter touchdowns. The team came to life behind some great running from tailbacks Ronald Watson and Kenny Poole giving the Dragons a 15-14 lead at the half. The Dragons in the second half took command of the game by scoring early in the third quarter making the score 21-14. The contest was a defensive struggle from this point on and Jefferson had captured their first victory of the season.

DRAGONS 41 - DEVILS 13

From the time of the opening kickoff to the final whistle the Dragons totally dominated their first sub-region game with the Loganville Red Devils. The first half saw Jefferson with a 21-7 lead and by the fird quarter the team had a 40 - 7 advantage. The Red Devils added one more touchdown, missed the extra point and gave the Dragons their second win of the season.

DOMINATION

Jefferson played host to the Franklin County Lions in their first home game. The Dragons engaged in a little safari by skinning the Lions 35 - 0. Jefferson was led by quarterback Philip Thompson who threw three touchdown passes and ran for two more. The Dragon's record now stood at 3 wins no losses. DOMINATION!

"ANOTHER ONE BITES THE DUST" HOMECOMING

The Winder Bulldogs rolled into Jefferson with hopes of disappointing a large crowd of homecoming Jefferson fans. The Dogs scored early in the first quarter but the mighty Dragons retaliated with a couple of touchdowns to take the halftime lead 13-10. The second half was highlighted by a 90 yard kick-off return by tailback Ronald Watson. The Dragons then scored on a fake field goal which was set up by an on-side kick. The Bulldogs scored one more time but it wasn't enough to defeat the fighting Dragons. A happy homecoming crowd went home with a 26-18 win and the Dragons were now 4 and 0 in the winning column.

DEFENSE . . . DEFENSE . . . D-E-F-E-N-S-EEE Once again the Dragons traveled to the mountains of North Georgia but this time it was to face the Gilmer County Wildcats. The Dragons just could not muster up any kind of offense and the only score came for the Dragons in the third quarter when Danny Hammond, linebacker, scooped up a Wildcat fumble and raced for the lone touchdown. The Wildcats came back down the field and scored their only touchdown but missed their extra point making the score 7-6. The Wildcats tried a field goal with only 3 seconds left on the clock and missed. This game belonged to the defensive team. The Dragons record now stands 5 and 0 and they are ranked number six in the state.

DRAGONS SUFFER FIRST LOSS OF SEASON The Dragons suffered their first loss of the season at the hands of the North Gwinnett Bulldogs 20-7. The Bulldogs stunned the Jefferson team by scoring on the first play of the ballgame. The Dragons, fighting back, came down the field and scored our lone touchdown on a pass to tightend Clyde Jones. Half time score 14-7 North Gwinnett. Final score 20-7 and the Dragons were handed their first sub-region loss of the season.

DULUTH

Jefferson lost it's second sub-region game to the Duluth Wildcats by a score of 21-10. Fighting hard to come back from their loss to North Gwinnett the week before, the Dragons and Wildcats were 7 to 7 at half time. A field goal in the third quarter gave the Dragons a 10-7 lead but the Wildcats came fighting back and scored two fourth quarter touchdowns making the final score 21 to 10. The Dragons were now 5 and 2 with two sub-region losses.

FAST HALL VIKINGS . . . 3rd SUB-REGION LOSS . . .

The Jefferson Dragons went to Gainesville to face the East Hall Vikings and to try to establish their winning ways again. But the Vikings handed the Dragons their 3rd sub-region loss 26-18. The Vikings stunned the Dragons in the first half with a 20 to 12 halftime lead. Early in the fourth quarter Jefferson scored on a pass to wide-receiver Raynard Borders. but the two point conversion failed. Another touchdown by the Vikings brought the final score to 26-18 giving the Dragons a 5 and 3 record and three sub-region losses.

WARRIORS SCALPED

The Oconee County Warriors invaded Dragon country for the last game of the season only to be turned back by a determined Dragon team 19 to 7. The Dragons established the fact that they were the team that should be going to the playoffs by dominating the Warriors to a 13 - 0 halftime score. Jefferson picked up another touchdown in the third quarter and the Warriors scored their lone touchdown late in the fourth quarter making the final score 19-7. The Dragons finished the season with a 7 and 3 record and a 3 - 3 sub-region record.

Slam dunk! The Dragons score again and again, and again! The top three scorers were Ronald Watson with an average of 12.6 a game, Karl Studivant, with an II.2 average, and Stan Harrison, with an III.0 average. This couldn't be done without lots of help from the other players, blocking for them, and passing the ball to them. The other players had their fair shares of scoring, also. The team compiled a moderately good record of 12 wins and II losses.

This year's wrestling team is headed by Coach Jack keen. He has been the wrestling coach at Jefferson High School for 16 years. It is an honor for a student to be on the team, and those chosen must have tremendous dedication to the sport. The effort that goes into the countless hours of practice, and the will power that it takes for each wrestler to go without food to make his recommended weight does not go without reward. Each person's attitude has to be 11% for them to become champion wrestlers.

Georgia Olympics IX

The Georgia Olympics: three days of running, jumping, throwing and leaping. This event has been described by some as a nine ring circus, but one word would describe the Georgia Olympics, fascinating. Thousands of athleres came and all of them have one thing in mind, to win the gold. The community of Jefferson has been hosting this event for the past nine years and now it has become a tradition.

This year's track season was highly successful even after graduating several runners. The team placed fourth at the region meet, held in Cartersville, last year, and the mile relay team traveled on to compete at the state meet held in Atlanta. The team worked very hard in hope that more girls would compete at the state meet this year.

Track is a very strenuous sport. Running takes a lot of an athlete, mentally and physically. It gets harder and harder to go and practice every day. Practicing through shin splints, blisters and pulled muscles is rough but you're rewarded when you win a racel

The 1981 track team is only three years old. We congratulate Coach Crawley for coaching and training the team to such a competitive athletes. And the team should be commended for working themselves to such competitive team.

J T H R S A C

The 1980 Jefferson High School track team under the leadership of Coach Jack Keen completed another successful year. The team once again captured the 8-AA Region track championship and by this qualified a number of men for the Georgia Olympics. The Dragon trackmed in the season with II wins and one tie, and competed very well in three very tough Relays. The 1980 team again proved to be one of the best track teams in the state of Georgia.

JHS Tennis

(L to R): Ralph Martin, Bo Hooper, Tom Bailey, Maria Meade.

Coach Charles Rhinehart

The tennis team was coached by Coach Charles Rhinehart this year. With a heavy schedule of matches, the young team struggled through a year of learning and getting experience in hope that it would benefit them in later years. The team had a successful year and we all wish them the best in years to come as they grow and mature.

Kim keeps the files straight for the band.

Oh, what could be said about the J.H.S. Marchine Band could almost fill this book. Through trial and error the band pulled through this year with some really fine halftime performances. Determination is what it takes to be a J.H.S. Band member - that and a lot of patience. A band member is one of those rare people who can take being yelled at and knows that it is really for the good of the group as a whole. All must work together to get the job done. Some make it, and some don't, and those that do are the true pride of what the band stands for. That small amount of pride shows through when in the distance you hear the pounding of the drum, then you know that the pride of J.H.S. is coming with all the flare that only that of a marching band can hold.

This year the band participated in two marching events, one of those being the Peachstate Marching Festival in Rome. Ga. The band received an Excellent rating. Then they traveled to Mouhrie, Ga. where they competed in the Sunbelt International Marching Band Festival where they received a Good rating.

The band was led this year under the able direction of our new band director, Thomas B. Pollard. Mr. Pollard came to us from Pelham, Ga. where he was band director for three years.

Confusion! All a part of band.

Student leadership is of vast importance in any band, such is the case this year at Jefferson. This year the band officers were Amy Bell, Drum Major and David Pethel, Assistant Drum Major, Our band Captain was Yvonne Merk and Assistant, Kyle Wood, Dean of Men was Tom-Blackstock, and Dean of Women was Pam Sailors, Kim Miller was our band secretary and Eddie Davis was the Sergeant at Arms. These people had the job of assisting the band director in making sure that the show you saw on Friday night was as done as well as possible. They were selected by band members and they had to answer to them if something went wrong. We commend these people for bringing the band through yet another successful year.

Drama

The Drama class at Jefferson High is responsible for the theatrical side of our school. This year they have put on two productions for the school, this served as a useful way for students to learn what it actually feels like to perform in front of a live audience.

Students can express themselves through ways that are constructive under the leadership of Mrs. Mary Ann McClleland, their advisor.

I've heard of togetherness but this is ridiculous!

Dragon's Roar

For several years now the Dragon's Roar has been a voice of student democracy in our school. It is published monthly by a completely student oriented staff. Suzanne Evans serves as Editor this year.

The Dragon's Roar has been a stepping stone to better communications between students and staff. A regular article is written by Mr. Dishman and Mr. Benton. Students can also express their opinions to their teachers by writing to them through the Dragon's Roar.

The Dragon's Roar advisor is a newcomer to our school this year. Mr. Don Brown came to us from Cedar Shoals High School. He has been a great asset to the Journalism Department.

Yearbook workshop was fun, but a lot of work.

Peace Brother

You got three days till deadline so

This year as always, the Jeffersonian Staff has published a great annual. It gives us, the members of the staff, a feeling of great pride when we see the finished product and be able to say we had a part in the making of this book. For years to come we will sit back and thumb through the pages of this book and enjoy the pleasant memories of the past. We, the Jeffersonian Staff, are proud to present you, the students of Jefferson High School, the 1980-81 Jeffersonian.

Jefferson High long has been a symbol of the highest in academic superiority. The members of the Jeffersonian Staff look back on our task of printing this book with the utmost pride and satisfaction. There comes a time in every life to have had the feeling of finally accomplishing something - to know that we have succeeded in whatever undertaking we started. Each member of this staff had to set just that type of goal for himself.

But what makes us have this uncontrollable desire to accomplish something? Mankind strives for something all his life, but for what? What is this inner drive? Even more so than that, how do we know when we have accomplished that goal?

For us it is to sit back and look through these pages with pride and look at what we have published for our school.

For some of us the days at J.H.S. are now drawing to a close. Soon a new curtain will be opened on a new future that is ours to do with whatever we can. Some of us will again return to the classroom next year to resume our high school career. For all of us a goal and a challenge exists in our lives. Someday, we can thumb through the pages of life and once again be content to see that we have reached our destination.

Spark Club

The Spark Club is a club for Christians. They are trying to promote Christianity in our school through the supervision of Mr. Gunby. The members of the Spark Club donated things to put into a needy family. They also had a rock-a-thon to raise money.

Stacie Oldham, Alisa Stringer, Traci Banks, Tammy Doster, Elaine Mize, Karen Wilbanks, Tammy Whitmire, Laurie Glenn, Lynn White, Lou Ann Wofford, Debbie Potts, Renea Fortson, Michelle Gilstrap, Donna Doster, Stephanie Marlowe, Angie Hoyle, Jennie Clark, Rhonda Hix, Lisa Chassevent, Lynn Parvis, Sherry Mahaffey, Gina McKinney, Sandy Jennings, Angela Cox.

FHA

Who were those girls that were running around school in their pajamas and robes? You might have thought that it was a slight mistake. and they just forgot to put their clothes on, but there were too many for a coincidence. It was FHA initiation. What is FHA you say? It is the Future Homemakers of America. It is a club for students who take Home Economics. Backed by Mrs. Vernelle Hix, these girls trick or treated for Unicef, and sponsor the Christmas Dance. They make visits to the nursing home and are working on a beautification project for the school and community. Sound fun?

FFA

The FFA chapter of Jefferson High School is one of the best in the state of Georgia. It develops leaders of today and for tomorrow. It also provides opportunities for kids to gain recognition in many different fields. They participate in livestock shows and judging contests. The FFA'ers are also known for their annual bar-b-ques.

Pep Club

Why is it that it's always certain some people are always pepped up? They are part of the Pep Club. These people are the ones that yell the loudest at pep rallies and games, and they always seem to know every cheer the cheerleaders come up with. They are working toward their goals of helping to improve school spirit and getting the students involved in improving that spirit.

Don't fall, Sandil

Come on everybody! Let's get pepped up!

Student Council

Who are the kids that get things done in the school? That's the student Council. Ms. Krol works with the Student Council. They elected the Student of the Month, and sponsored Homeconing 1980. The club sold bumper stickers for a fund raiser. If you are wondering about who it was that put that flag out front, it was the student council. They are trying to give the student body a chance to speak up, and to make suggestions for the school. This club is working toward carrying out the leadership within our school.

FBLA

Did you buy any items from the Tom Watt kits? Well, the members of the FBLA sold little gifts from their kits this year as they have in the past. That is not the only thing the FBLA members have done. They made gifts to take to the nursing home. The Future Business leaders of America progressed well under the leadership of Mrs. Foster and Miss Townes.

Missy works with advisor Mrs. Foster on a club project.

Mrs. Foster works diligently as the FBLA club sponsor.

AV Club

Are you tired of never being able to see a film in your classes because no one knows how to work a projector? Well, now some students know thanks to Mrs. Elder. This is the A.V. Club. These students are taking time out of their study halls in order to help teachers with tasks concerning the maintenance of filmstrip projectors and other simple audio-visual equipment that is used in the library.

Art Club

What is the Art Club? These are the kids who are interested in learning about the different aspects of art. They are working toward becoming better artists themselves. This year, this group of kids in our school decided that they would give something to our school that would last. A permanent stained glass window will be placed in the south end of the library. Academic Club

This club, led by Mrs. McClelland and Mrs. Williamson, studies controversial topics and works to form points on these topics for use in debate. But the main event each year is the Academic Bowl held in Americus, Georgia at Georgia Southwestern College. The questions are chosen from topics dealing with academic oriented subjects such as Math, Science, English, and Current Events. Much practice and concentration is required to master the skills necessary to successfully compete in the tournament.

Go For Two!

In college football, deciding to go for two means you're willing to make that extra effort to get the edge over the competition. Taking advantage of your opportunities can put you ahead in the game.

Of all the U.S. Armed Forces, only the Army can offer you the opportunity to go for two. That's right, a two-year enlistment with essentially the same benefits as three and four-year tours of service. You can choose where you'll be initially stationed or you may want to receive guaranteed training in one of hundreds of skills offered. Plus, if you're in need of extra money for your education after two years, you'll want to check out the Army's two year Veterans Educational Assistance Program (VEAP) in which you can accumulate over \$15,200.00 for your further schooling.

It's easy to see the advantage you can get with Army's exclusive two year enlistment. Contact your Army Recruiter for details on moving ahead of the competition.

ARMY. BE ALL YOU CAN BE.

* You may qualify for an added bonus on top of the \$15,200.00. Check it out!

Only In America

1981 .

A year when Americans witnessed the inauguration of our 40th President and the triumphant return of our American hostages from Iran .. a year in sports that many Georgians will never forget, when our Georgia Bulldog football team soared to the top spot in the nation. It was year that we, as Seniors at Jefferson High School learned to love through hard work and determination.

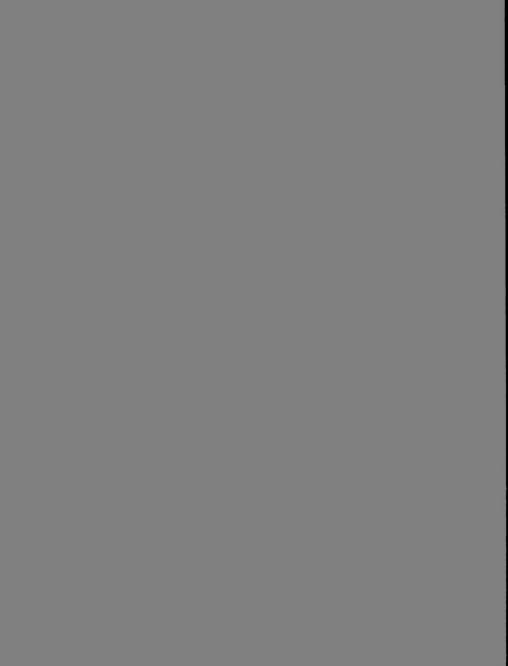

We, as the EDITORS of the 1981 JEFFERSONIAN have striven to work as leaders of the yearbook staff in showing JHS to be possessive of all the qualities an American school should have: Dependability, pride, and ingenuity in creating an environment worthy of being called a "School of Champions."

But the people that make up this school are fast becoming young adults who are graduating and going on to create realities out of their dreams. We have the opportunities to make our existence a worthy one because we are citizens of a free country. America is our chance and is truly the land where dreams can come true. Good luck to all of you and my we, as Editors, say a special thanks to America for giving us the chance to learn and grow freely as her citizens.

Sincerely, Suzanne Evans and Alicia Reynolds

In Memoriam

This book is published in memory of all those men and women who have, from the beginning of our nation, fought to preserve its wealth, stability, justice, and freedom, For without them, the opportunities we have as young Americans could be fulfilled only in dreams, and not through reality, as we know it today.
